As you know, Wildwood Playschool is a parent-led volunteer-driven school which has historically relied on our wonderful community of parents and caregivers to run the school. This includes a President, Vice President, Registrar, Treasurer, Bookkeeper, Volunteer Coordinator, Fundraising Coordinator, Secretary, Newsletter Coordinator, and more. Historically, all the tasks outlined above have been led and fulfilled by parent volunteers as part of the Board of Directors.

With 8/10 Board Members transitioning next year, and no current prospects to replace these roles, the school will need to hire and pay an administrative support resource. If board and Volunteer roles can be filled and executed, the school may be able to refund some of this administration fee at the end of the school year. We encourage all persons interested in joining the board for 2026/2027 to contact president@wildwoodplayschool.ca.

Please direct any questions or concerns relating to the new fee structure to our Treasurer, Maureen Dahlseide, at treasurer@wildwoodplayschool.ca.

Registration Booklet

1. Program Aims and Philosophy

The Wildwood Playschool offers a rich environment for the preschool child. We offer a wide variety of learning activities, in a semi-structured play environment. Each child is recognized as an individual and allowed to develop at his or her own rate. The areas of development focused on are:

- **Socialization Skills:** Enjoy relationships and get along with others. This is developed through sharing, taking turns, and resolving conflicts. Preschool children gradually shift from solitary and parallel play to cooperative play.
- **Emotional Development:** Build confidence and understanding of oneself as an individual, be able to express thoughts and feelings, and become responsible for actions and behaviour.
- **Cognitive and Intellectual Development:** Develop early literacy and math skills through the play environment as well as stories and group activities.
- **Creative Development:** Imaginative play, arts and crafts, music and movement.
- **Physical Development:** Gross motor coordination is strengthened through gym activities. Fine motor coordination is strengthened through manipulation of small games, puzzles and exploration of art materials.

3.4 Exceptions

The registration deposit paid (June fees) will be returned for the following exceptional circumstances:

- Medical Reasons – with notification in writing provided by a physician
- Behavioural Issues – if a child is not complying with the behavioural requirements of the program and is required to withdraw.

4. Behavioural Expectations

4.1 Readiness

Wildwood Playschool recognizes that each child is an individual and will develop at their own pace. In determining whether your child is ready for play school, please see the following checklist. Is your child:

- Toilet trained? (talk to us if you have any questions)
- Comfortable with separating from a parent or caregiver?
- Ready to learn to share toys with other children?
- Able to listen and follow directions from a teacher or other parent volunteer?
- Able to sit still and listen to a short story?

4.2 Discipline Policy

The learning environment strives to foster independence, develop self-control, encourage appropriate social behaviours and build self-esteem. The Teachers will use appropriate behaviour management techniques to guide children while keeping in mind their development and self-esteem. Behaviour expectations are communicated to children through consistent classroom routines, encouragement and storytelling. All behaviour management techniques will be reasonable in the circumstances and will not include inflicting physical, verbal or emotional punishment. Nor will the techniques deny or threaten to deny any necessity or use physical restraint, confinement or isolation.

4.2.1 Preventive

Each child is recognized as an individual with different levels of development, background, needs and interests. The program is planned to provide a wide variety of developmentally appropriate activities to interest and motivate the children. The children have opportunities to choose among these activities. Activities and materials are changed to offer a variety of learning opportunities. Activities are varied to include active and quiet times throughout the day. Rules within the classroom are outlined clearly, simply and consistently. The teachers and volunteers monitor the play environment reassuring and redirecting when needed.

4.2.2 Reassurance

If minor problems occur in class, a few strategies will be used to handle situations in a child centered way. If the child cannot follow verbal directions, the child may need to be stopped, redirected or removed. The teacher will approach the child in a calm and reassuring way. A controlled voice and an arm gently around the child at their level can be reassuring and help the child gain self-control. The child will be treated in a manner that acknowledges the child's feelings and focuses on the behaviour as unacceptable.

4.2.3 Redirection

Redirecting the child can be used effectively to help a child calm down when they are unable to reason.

- The child will be informed about the nature of the behaviour and why it is unacceptable. The child will be reassured and will be given attention and caring support to help her/him calm down.
- This can take place within the play space so that the child is not removed from the group, but not close enough to bother others.
- Children should be encouraged and praised for their positive behaviour after the situation has been handled.

Specific examples of when redirection is necessary would be:

- a) Hitting, kicking, or other physical attacks on children
- b) Breaking other children's belongings, building or artwork
- c) Disputes over toys that result in fighting, grabbing, etc.

4.2.4 Recurring Problems

If a child continues to demonstrate unacceptable behaviour when other behaviour management techniques were not effective, the following measures will be used:

- a) Parent and Teacher meeting to try and discover the cause of the behaviour and possible solutions.
- b) The Teacher may suggest other support groups, such as parenting groups, parenting literature and/or Calgary Health Services.

If there is a problem with a child who causes continual disruptions and all other avenues have been exhausted, then at the discretion of the Teacher(s) and the Board of Directors, the child will be removed from the program. Parents are free to discuss their child's progress and behaviour with the teacher any time throughout the school term. This discipline policy is posted at the school. Parent volunteers are informed of this policy and encouraged to use preventive management techniques when interacting with the children.

4.3 Adjustment – Probation Period

All Wildwood Playschool children are considered to be on probation for their first month of school. Any child who the Teacher(s) and the Board of Directors find to be unable to cope with the environment can be removed from the school (after consultation with the parents has taken place and all avenues have been exhausted).

5. Parent Involvement

Parental involvement is crucial for the smooth operation of the Wildwood Playschool. Our parents/caregivers offer their time in the following ways

- **Classroom volunteers (mandatory)**
- Volunteering on the Board of Directors (non-mandatory)
- Lending a hand when extra help is required.

5.1 Parent/Caregiver Volunteering

It is expected that someone from each child's family (parent, guardian, nanny, family relative, etc.) will act as a volunteer in the classroom. Each class requires two caregiver volunteers. **Volunteers must volunteer 1 time every three weeks.** The volunteers provide supervisory and teaching assistance guided by the classroom Teacher. Younger siblings, except for babies that are not mobile, are not allowed in the classroom during volunteer days as our insurance only covers registered children in our program. All volunteers must complete a **Police Information Check** and have it returned to the school or Wildwood Playschool Vice President **no later than June 30, 2026.** Please refer to the included Security Check Information Package. **Failure to complete at least one caregiver security check per child by June 30, 2026 may result in the forfeiture of your child's spot at Wildwood Playschool.**

5.2 Board of Directors:

The Board of Directors consists of parent volunteers who strive to achieve the smooth and efficient operation of the playschool. **The playschool cannot function without our Board of Directors. Due to 8/10 Board Members transitioning next year, and no current prospects to replace these roles, the school will need to hire and pay an administrative support resource. If Board and Volunteer roles can be filled and executed, the school may be in a position to refund part of this administration fee at the end of the school year. We encourage all persons interested in joining the board to let us know in the google form included in your registration e-mail, or contact us at president@wildwoodplayschool.ca.** With a wide variety of positions, we hope that you may find a role that interests you and where you can lend your expertise. Please refer to the benefits, positions and descriptions of the Board of Directors in Part 8 of this information booklet.

5.3 Extra Volunteering Help:

- Cleaning Toys: All parents are expected to help clean toys once during the school year.
- In-class visitors: Each program will have special in-class visitors. You may be interested in being one of our visitors to demonstrate a special interest or skill or assist in a special visitor's program.
